HURF Petition Instructions – Steiner Ranch

Why sign the petition? - [Click here to learn more.](#)

[Click here to get the Petition](#), or stop by one of these locations in Steiner Ranch to sign:

- Cups & Cones
- Steiner Steakhouse
- HOA Office
- PakMail
- Dr. Waters Orthodontics

Once you print your petition and sign it according to the rules below with one to six household signatures, you may return it via one of the following methods:

1. **Completed petitions can be dropped off at Cups & Cones in Steiner Ranch**
2. **Fax** to: 512-727-9161
3. **Scan and Email** to: Petitions@hurf.org
4. **Mail** to: HURF, 9600 Great Hills Tr., Suite 100E, Austin, TX 78759
5. You can also **return your signed petition with your WCID #17 water bill** for those that pay by mail – look for it in your water statement.

The 45 day clock has begun.

We must complete our petition gathering by the end of July with 3000 signatures.

Please forward petition information to all your mailing lists (yahoo, facebook, etc) and ask them to do the same.

Volunteer to Canvass

Please consider canvassing your neighborhood, or another, in or around Steiner Ranch – [click here to learn more and see which neighborhoods are yet to be covered.](#)

Petition Rules

1. Only one signature per Austin Energy household.
2. We need this information about the person on the petition form:
 - a. Date of the signature – when did you have the person sign?
 - b. Printed name
 - c. Signature – the person must print and sign his or her own name. You can help by filing out all of the other information but the person must provide the signature.
 - d. Street address, City, and Zip code (Where they receive their Austin Energy bill)
 - e. Home Phone number
 - f. FAX number -- we realize that most people don't have fax numbers. But we are required to ask for it. If they don't have one, they don't have one.
3. We want the email address so we can follow-up with the person, in case of a problem with the petition. We will not provide the email address to the PUC or Austin Energy.
